SIMPLE SIMON

There was a man in our town
A stupid man was he.
He spent each day more than he earned
And laughed and laughed in glee!

His neighbor then took him to task
For going on this spree
"What do you mean?" the friend did ask
"I'm prosperous," said he.

His friend then sadly shook his head
At what the end would be
"Roosevelt may do it but," he said
"It's not for you and me."

REPUDIATION?—

A news reel at the Filmart this week showed Roosevelt "repudiating" the Communists. What does he mean "repudiate?" Is he kicking out his Red brain trusters? Could it be posible that he is ignorant of the activities of those who surround him and advise him? Why is Stalin waiting to visit this country untii after election because he thinks he might injure Roosevelt's chances? Why does Mr. Stalin wish Mr. Roosevelt to win? It can be for no reason but that he feels his election would be beneficial to sovietism.

Repudiate? He should not have placed himself in a position where he would have to repudiate the Reds.

GOOD NEIGHBOR LEAGUE—

We have heard quite a bit about the "Good Neighbor League," organized to support Roosevelt for reelection to the presidency. Very interesting. But do you know that Dr. Stanley High, one of the founders of the league, has a long Red record, and is credited with the slogan, "Go to Leavenworth rather than fight." And also, according to record, he stated, "I am not so sure but that atheism in Russia is a step in the right direction."

Our nation was founded on freedom, and the ways of Russia are not our ways.

Spain came into the hands of Communists and revolution resulted. Americans will never submit to a dictatorship from any party.

WHAT WILL HE DO?—

Roosevelt's neglect to answer charges that he intends to reestablish NRA by some hook or crook leaves it up to the people who do not wish this tenet of dictatorship forced upon them to vote for Landon who has declared himself against government meddling in private affairs.

NRA has been declared unconstitutional, but we all know that the constitution means nothing to the New Dealers.

NRA, according to New Dealers, was FOR the little business man. Did you try to have a pair of shoes ordered for you under NRA? If so, you were told that in lots of less than six pairs your dealer would be

(Continued on next page)

HOMECOMING ENJOYED AT CHURCH LAST WEEK

Seventy-five persons enjoyed the biennial "Home Coming" held at the Community Church last Thursday evening.

An excellent program has been prepared, Rev. Fred Sheldon, pastor from 1919 to 1926 telling of many interesting things that happencd during that period.

L. S. Slevin, first postmaster of Carmel, related many instances of the early days, including tales of the Dutch market and Dutch band.

Rev. Homer Bodley, present pastor, gave the church history. He said the church here was established in 1903, by the Rev. George Clifford, who was then eighty years of age, and who passed away in 1915 at the age of ninety-two. The idea of a church he credited to E. A. Arne, brother of Courtland Arne, and J. F. Devendorf. Six charter members began what is today a thriving organization. They were: Mrs. L. C. Horn, Mrs. Lillie Hansen, E. A. Arne, Mrs. M. A. Potter, C. E. Rogers and John Staples.

Mrs. Vive Harber delighted the audience with two violin solos, "Berceuse Slave," by Neruda and "The Swan," by St Saens. Dr. Lawrence Knox gave two vocal solos which were greatly enjoyed, a negro spiritual, "Mount Zion," and "Sweet Mystery of Life."

June Delight's pupils in four groups lightened the evening with various dance numbers. The first group comprised Madeline McDonough, Carol Canoles, Rose Funchess, Dorothy Nixon and Laurel Bixler. The second group comprised Little June Delight and Billie Pat Torres, while Leona Ramsey occupied fourth place with a tap dancing, rope-jumping number. Another group comprised Yvonne Welch, Madeline McDonough, Carol Canoles, Rose Funchess and Laurel Bixler who brought the dancing numbers to a close.

Following the program came the signing of the church scroll, the gold side representing twenty-five years of service and the silver side 15 years. Two new names were added to the silver side, Mrs. Winifred Hollison and Mrs. D. E. Nixon, and one new one to the gold side, Mrs. Alice Beardsley. Only five members have signed the gold side and twenty have signed the silver side. Miss Josephine Culbertson is a real pioneer, having thirty years to her credit. For 22 years she was organist and choir leader. She was present at the reunion.

In charge of refreshments were Mrs. Vive Harber, Mrs. Edna Lockwood, Mrs. Homer Bodley, Mrs. Mary Wall and Mrs. Dorohy McDonald. Serving was in cahrge of Mrs. Irving Gansel. Decorations were in yellow and white, yellow pottery being used where possible.

CARMEL YOUNG FOLK TO MARRY FRIDAY

A marriage of interest to the younger set on the peninsula this week is that of Miss Ethel Elaine Larson of Carmel and Mr. Trueman Scarlett of Carmel Valley.

Miss Larson, who assists Anna Katz in her store, is a daughter of Mrs. Robert Bell and the groom is a son of Mr. and Mrs. S. V. Scarlett, who have a lovely Carmel Valley ranch Mr. Scarlett is employed by the A. D. H.

Miss Larson and Mr. Scarlett will be married Friday evening at 6:30 at Del Monte Chapel, Rev. Mr. Bell performing the ceremony, after which the wedding party of fifteen will go to Normandie Inn for dinner.

Miss Larson is a graduate of Monterey High, and a graduate of Madame Cherette's School of Designing in Hollywood. She is a prominent member of Job's Daughters.

The young people will make their home in Carmel Woods.

DEL MONTE DAIRY FIXED TO SERVE GOOD MEALS

The very latest eating place in Carmel, and proving to be most popular, is the Del Monte Dairy, which recently installed apparatus in their kitchen enabling them to serve delicious foods at all hours of the day.

First come breakfasts with the dairy's famous waffles and coffee, and other breakast staples; then luncheon with choice of five groups of food, and if you don't eat until evening, try them out on that meal, too.

Mr. Hicks, manager, took the reporter of the Californian into the kitchen and called attention to the clever way things have been arranged and to the fresh, cleanliness of the place.

The Del Monte dairy branch was established here last spring and has turned a rather uninviting corner into a cozy spot where friends love to gather.

Don Blanding, "Vagabond Poet," has moved to the Hal Garrott house on Carmel Point.

RODEO AND GYMKHANA TO BE HELD NOV. 14, 15

Coming in for attention after election excitement has died down will be the rodeo and gymkhana to be held at the Fish ranch November 14 and 15, as a benefit for the restoration fund for the old Carmel Mission. The affair will be sponsored by Mrs. Sidney Fish, and will be under the direction of Tex Raibourn, foreman of the Fish ranch.

Performances will start at about 1:30 each day and will comprise real steer riding, roping, broncho riding, with horses imported from the north, as well as many comedy events.

At the gymkhana there will be jumping, racing, boys' donkey race, as well as a demonstration by the trained team from the presidio which has made such a name for itself.

Anyone is eligible, and the more the merrier, and all that stuff.

A comedy bull fight will be one of the things on the program, more details to be imparted later.

This affair will not be of interest to Carmel alone, but to the whole state and people are expected from many points. The admission price will be $1.00 and every effort will be made to keep expenses down so that a good portion of the $6,000 deficitt on restoration may be turned over to the church.

WISHARTS HAVE FINE TRIP THROUGH EAST

Mr. and Mrs. George A. Wishart who recently took a twenty-five day trip to the East, have some interesting stories to tell of their journey. They attended the National Bakers' convention held in Atlantic City and made the trip down the entire east coast. They visited Mrs. Wishart's relatives in Pennsylvania and Mr. Wishart's relatives in New York.

"We got hundreds of new ideas for the Dolores bakery, and had the privilege of hearing well known bakers from Germany and other points," said Mrs. Wishart. They stopped in Texas and attended the fair on their way home.

Entered as second-class matter, February 3, 1933, at the postoffice at Carmel, Calif., under the Act of March, 1876.

The Californian, formerly The Carmel Sun was adjudicated a Newspaper of General Circulation by the Superior Court of Monterey, Calif., October 7, 1935.

Editorial

(Continued from First Page)

(Continued from page one)

compelled to pay $1.50 extra.

Broken reams of paper advanced to such price that the small printer could not compete with the larger houses, and so on through the different businesses.

If NRA was for the small business man we hope Mr. Roosevelt doesn't plan anything against him.

Landon has pledged himself to "recommend repeal of all acts giving autocratic powers to the executive." If Landon had but the one pledge, his candidacy would be worth taking note of.

Our country has prospered under the constitution with its divided powers for 150 years and there is no reason to take from the people their heritage of freedom.

RENTERS PAY TAXES—

In private conversation with independent merchants on the peninsula we have found that only a very small percentage believe the chain store pays no taxes. A thinking merchant, and we have many of them in Carmel knows that whether or not one owns a building, he pays taxes if he occupies one. If the owner of the building does not get enough rent to pay his taxes, it is because he made a poor investment, but generally speaking, the renter pays the taxes. If the chain store does not pay taxes on its merchandise, that would be the fault of the tax collector, and some one should investigate.

The fact is that Proposition No. 22 is designed to tax the chain store out of business, which is an un-American principle. It is discriminatory, and from the sidelines it would appear that strong influences must have been brought to bear to cause the chain filling stations, thertres and such to be excepted. Independents trained in merchandising, are able to beat the chain stores in low prices as has been demonstrated on the peninsula, and competition can not be eliminated except under a dictatorship.

ALONZO L. BAKER—

Baker is an able man, one who thinks for himself and one who has demonstrated that he will not be a yes-man. He is against the waste and extravagance of the New Deal as he would be gainst waste by his own party. Showing his fairness, he has pledged himself o vote for the placing of the Townsend Plan before the voters if he is elected. He is a forceful man, a man of character and a man who will be an able representative for the Eighth district. Vote for Alonzo L. Baker.

When a man gives the service

SENATOR TICKLE—

Senator Tickle has to the people of his district, it would be folly to change for a man who is unknown and untried. Tickle has bent all his energies toward working for the good of his constituents. His overwhelming vote in the primaries showed that the people appreciate his efforts. Give him your vote next Tuesday and send him back to continue his good work.

HENRY P. RUSSELL—

One thing that will be important to remember next Tuesday is to put a cross after the name of Henry P. Russell on your ballot. Do not think because no name appears with his that he is unopposed. Ellis Patterson, who is seeking re-election, is making a definite "write-in" campaign, having failed to win a place on the ticket at the primary.. Unless you place a cross after Russell's name, we may be faced with another term under an assemblyman who endorses every movement that engages his attention—if he thinks it will get him any votes. Let's have real representation from this district. Vote for Henry P. Russell.

SPECIAL EDITION—

Watch for the special American edition of the Californian, to be published on Armistice Day, sponsored by the Auxiliary of the Carmel Post of the American Legion. Special writers will contribute toward making this one of the best specials ever issued in Carmel, the city of talent.

JUDGE WOOD HOME FROM S. F. HOSPITAL

A telephone call to the home of Judge George Wood brought the news that he is now at home and is resting very nicely, and gaining in strength.

Judge Wood will be unable to return to his desk at the city hall just yet, but his place as police judge is being ably taken by Judge George P. Ross.

Judge Wood's many friends are delighted that he is able to be at home so soon.

Cleanup California's Liquor Situation!

VOTE YES ON 3

FOR LIQUOR LAW ENFORCEMENT

Removes liquor control entirely from State Board of Equalization. Sets up non-political Alcoholic Beverage Commission. Provides adequate local enforcement. Provides mandatory public hearings on demand of local authorities and authorizes commission to deny or revoke licenses if character of applicant or place of business unsatisfactory. Authorizes commission to limit number of licenses in any community.

Prevent Return of Prohibition!

VOTE NO ON 9

PREVENT RETURN OF PROHIBITION

Means Prohibition. Under misleading title of Local Option, Proposition 9 gives City Councils and Boards of Supervisors power to bring back bone dry prohibition overnight WITHOUT A VOTE OF THE PEOPLE. Would inject wet and dry issue into every local election. Would bring back bootleggers, speakeasies and hotel bedroom drinking. Would cause widespread unemployment and irreparable loss to our $400,000,000 wine and grape industries and $250,000,000 tourist trade.

Furniture vans on Ocean avenue. This time to bring desks and chairs to the new Christian Science Reading room. Swell location, down next to Tilly's and very attractive, too. Vera Shephard looking as fresh and charming as ever giving plenty of time and energy to the superintending of things.

Departures are sad. Don Hale's been a long time on Dolores street and we'll miss him. Barnet Segal, after his New York spree, will return and take possession. Good luck to Don, the farmer.

One gal who knows her jeans—even at half mast—Gwendolyn Stearns.

A splash of kelly green hurrying down the main drag. Bonnie Cockburn's new winter coat. Very becoming, too, we'd say.

And who's the lucky Landonite rating such service? Charlotte Lawrence walking a straight line and personally conducting an iced quencher along the street to Republican headquarters. Never lost a drop either. Service—plus.

Ann Jordan neat and trim in dark brown everything, pounding the pavement down San Antonio Way. Canvassing? Or walking off a headache, we wonder.

Plenty of good-byes, bon voyages and surprises for Paul and Ruth Winslow. Off to Gotham via the High Seas. Two of our good Republicans who will take their election return by way of cablegram.

Mary Dekker, Margaret Moll, Dot Frost and Anita Dormody, a pretty swell foursome, lunching and talking it over at the Normandie.

Here's Hallawe'en upon us and our imagination runs riot with "pranks." If we could only forget sedateness and convention, what a force would be turned loose.

Can't you see Dot Crossman, walking "Pretzel" on the beach. Suddenly produce a grand piano and out-do the waves with splashes of harmony and song? What an all-night singfest that would be.

What a good time Frederic Burt would have pulling castor bean plants up in all the gardens in town. I understand castor beans are his very pet aversion.

A thrill for Argyll Campbell if he could kidnap the entire city council and go a-sailing. Putting in a prayer for rough weather.

Betimes, Kent Clark might have fun putting cans of fishing worms and like bait around the city council table, and painting sunflowers on all the windows. How's that?

Dr and Mrs. Frank K. Pomeroy of Fresno, with their son and daughter, Morris and Jean, have been in their Carmel home the past week.

PEBBLE BEACH GIRL
WEDS LOS ANGELES MAN

The marriage of Miss Shirley Douglas of the Douglas School, Pebble Beach, and Mr. Robert A. Rose of Los Angeles took place Saturday at Del Monte in St. John's Memorial Chapel, and was followed by a reception in the patio at the home of the bride's parents, Mr. and Mrs. Ernest Douglas.

The groom's parents, Mr. and Mrs. C. B. Rose of Amarillo, Texas, were among the out-of-town guests.

The bride was attended by her sister, Miss Barbara Douglas and by Marjorie Douglas of San Francisco, with Eileen Campbell and Peggy Farlie.

Miss Douglas was beautiful in a gown of white taffeta, and she carried lilies. The bride's maids carried muffs of stephanotis.

Acting as best man was Mr. Harry Allen of Oakland, while the ushers were E. E. Jefferson, Dick Collins, and Robert Duntley.

Following a honeymoon in the north, they will be at home in Long Beach.

Golt News

Bud Brownell, who has been playing really good golf consistently for the past year, proved his metal again Sunday when he defeated Bob Edgren, Jr., 8 up and 8 to go in the finals of the Pacific Grove City golf championship. There were 60 golfers from all over the peninsula who entered this tournament, an annual event which is played over the municipal links at Pacific Grove. Bud Brownell is a popular member of the Monterey Peninsula Country club.

Mis Mary Hayne of Pebble Beach and Miss Marian Hollins of Pasatiempo are two well known golfers on the coast who have gone to Sacramento this week to participate in the Northern California Women's tournament which is being played at the Del Paso Country club.

Marian Hollins was one of two who tied to set a new course record of 78 the opening day of the tournament.

Mrs. Scholer, prominent Catholic of Pacific Grove, wrote Andrew F. Burke, San Francisco attorney, whose standing in the Catholic Church and affiliations are too well known to require comment. The correspondence appears below:

October 26th, 1936.

Mr. Andrew F. Burke,
Hobart Building,
San Francisco, California.
Dear Mr. Burke:

May I ask your opinion as a Christian gentleman and a Democrat about the qualifications of Mr. Alonzo Baker for Congress? There is a great effort being made here to create a religious issue against him.

What do you think?

Gratefully in advance,

(Signed by) RACHEL E. E. SCHOLER,

869 Del Monte Boulevard,
Pacific Grove, Calif.

ANDREW F. BURKE
Attorney-at-Law
2002 Hobart Building
San Francisco, California

October 28, 1936

Dear Mrs. Scholer:

Mr. Alonzo Baker, candidate for Congress in your District is in my opinion, a patriotic American. From all I know and have learned of him he stands sincerely for the preservation of that tradition in American political philosophy, which derives from the Christian tradition. He is opposed to all the innovations of the anti-Christian exponents of a totalitarian state for America. I believe in his sincerity and reliability. I believe that despite any disagreements that may have existed in the past between Christians, our common welfare and our raditions are safer in his hands than in the hands of his principal opponent, who has done nothing to thwart the efforts of the enemies of our government who seek to pervert American democracy.

Yours very truly,

(Signed) ANDREW F. BURKE

Rachael E. E. Scholer,
869 Del Monte Boulevard,
Pacific Grove, California.

Giving Hollywood a Tumble

By Katherine Brocklebank

Pry in Hollywood again. Although Waler Huston created the title role in "Dodsworth," and played it 1238 times on the New York stage, he had to unlearn everything and begin all over again for his role on the screen. David Lamson's picture, will, after all, carry its original title, "We Who Are About to Die."

At Columbia studio the other day Irene Dunn threw a burst of temperament in a scene for "Theadora Goes Wild"' Scene is a publisher's office, plainly indicated by reason of a sign crying publisher's latest novel. But that wasn't plain enough for headman Harry Cohn. Visiting the set, he tells Director Boleslawski, "It won't do. It doesn't look like a publisher's office. How is the audience to know it's a publisher's office unless the background is full of printing presses?"

Filming "Maid of Salem," they found out the mike can't take ancient slang. The script required Claudette Colbert to call Sterling Holloway a "blockhead" but it recorded "blackhead." The word was then changed to "dolt" which means nitwit; it sounded like "dope" which is strictly modern. So they tried just plain "fool" which is good in any period.

Most screen actors have pet superstitions. Sonja Henie, the ice skating queen, has a passionate yen for the number 7. She insists that her license plates numbers total some multiple of seven, so the motor vehicle department dug up 7P-77. Because the letter U is number 21 in the alphabet that makes everything okay in the Ice Queen's life on account of because she received her first pair of skates when she was seven; won her first world and Olympics championships at 14; and was born in 1913, which added up makes 14. And that's what I call a numbers racket.

Leslie Howard wants it known that he, too, was in "Romeo and Juliet."

Madge Evans finishing "Piccadilly Jim," invited the members of the cast to her home for a swim. But, rushing ahead, she found the pool drained and dry with all the neighbors' children using it as a skating rink. With no time to fill the pool but time enough to rent skates, the swimmers turned out to be skaters and a good time was had by all with sitting-up exercises and everything.

Director David Butler has been accorded hi-athletic honor for his service to sports in "Pigskin Parade." Coach Jones, U.S.C. grid mentor, conferred on him the 3-letter award which carries with it an S. C. monogrammed sweater, collegiate blanket, gold football and a life pass to all U.S.C. games. Read that and weep, all you football hounds!

Barbara Stanwyck is passionately fond of chewing gum , but always chews it like lady. However that is.

And are we proud of our friend, Milt Latham? Are we? I'll say we are! His son, Jack, has recently received word from no less a personage than the well known New York producer, Norman Bell Geddes, who produced that great play, "Dead End." The name of Jack's play is "Nickel on the Drum," and Mr. Geddes has sent for him with a view of producing his play in New York.

TAXES AND CRUMBS L

By C. A. Bodwell, Jr.

(May be sung o tune of Home on the Range.)

They do love their home,
'Neath the Capitol dome,
Those Dealers who've fussed time away;
Where seldom was heard a constitutional word,
Except when they raised their own pay.

Chorus

Home, home, 'neath the dome,
Where those statesmen have twiddled their thumbs;
Where always was heard
Declarations absurd,
And they've left us just Taxes and Crumbs.

Oh, the millions they've spent,
And the billions they've lent,
In the name of the A, B and C;
Through the boondoggled list
They have ground out their grist,
Clear down to the X, Y and Z.

How often we've thought
That soon they'll be brought,
Those professors and brain trusters wise,
To take their own dope,
Which would then leave us hope
Of saving our shirts from those guys.

By Permission

Editor's note: The above song was written by Mrs. Charlotte Morgan's brother of Petaluma and was used at at a Republican rally in Petaluma.

A man's dog stands by him in prosperity and in poverty, in health and in sickness. He will sleep on the cold ground, when the wintry winds blow and the snow drives fiercely, if only that he may be near his master's side. He will kiss the hand that has no food to offer, he will lick the wounds and sores that come in encounter with the roughness of the world. He guards the sleep of his pauper master as if he were a prince.

—Senator Vest.

Yes, on a whole, us pooches are pretty loyal to our human friends, we don't ask much in return for our devotion. In fact, one word, embracing every emotion of dogdom, will send us into wriggling ecstasy. It's such a simple little word and yet it means so much! KINDNESS.

Well, you'd think Apollo out at tthe Mathiot ranch was the only dog-gone father on earth! The way that German Shepherd prances around with his tail in the air makes my back hair curl, and I don't mean a permanent wave. "Come and see my pup-tent," he yaps proudly. "Now, look out, don't come too close," he adds with a warning growl.

I should skin my teeth over his brood of seven. Say, boys, in MY day I was sire to seven times seven and then some. Oh no, stupid,not the same lady. I was a rather gay and fickle youth, but I haven't got the pep I uster. Now, let's see, there was a cute little twist by the name of Agnes. She was a Pekingese with a pedigree as long as the fish that got your bows and sterns; look to your doggerels for a well known trainer of pooches is about to descend upon us.

So before he comes slip this little hint to your owners. I was taught this simple trick by my mistress when I was a youngster and it has saved me from several heartless dog poisoners.

I've often heard my mistress say that in teaching your dog a trick be careful not to tire him out. A fifteen or thirty minute lesson is long enough. You can start teaching a dog tricks when it is six weeks old . Any dog that obeys can be taught to perform tricks. Of course it takes patience and kindness and always a reward. We love praise, and flattery, we simply lap it up!

This particular trick I'm speaking of is to avoid poison meat. Place two pieces of meat before the dog. Point at the one you do not want him to eat and say, "POI-son!" and push him away from it. Allow him to eat the other piece. When he eats the other piece, pet him. Teach him never to touch the piece connected with the word POISON. As he becomes better trained, the routine is to stop him from eating either piece with the command, POISON, but allowing him to eat the other piece by saying "Now eat."

Now, dog-gone you, Mr. Trainer, do your darndest! You'll be right up our alley.

A short snappy yip from a Roosevelt pup. "Dear Sir Puppy Pooch—"I think something ought to be done about a very rude Republican hound who had the nerve to lick the Roosevelt sticker off my toneau. Yours indignantly. Rosy Newsdealer.

Dear Rosy Newsdealer—The next time use a Landon-Knox button.

Popped into the Filmart the other evening when the chief of police was looking the other way, to take a sniff at that movie long-haired- dachshund in "Secret Agent.' I heard he was the best howler in Hollywood. I'd just like to match his howls with some of our Carmel howling howlers!

BIGGER AND BETTER FENCES

President Roosevelt told his audiences that he hoped that American history would record this as an era of rebuilding. Rebuilding what? Political fences? If so, history will show a five-billion-dollar program of such construction and that is something to talk about.

ANYTHING BUT RELIEF

We become irritated by New Dealers who say that anyone who urges economy in government is against proper relief. Such a charge is not only absurd; it is decidedly unethical. The New Deal has been wasting billions in fantastic experiments to harness the tide in Maine, to dig a canal across Florida, and sundry other schemes. These can be eliminated and great savings effected without interfering in any way with relief.

NEW DEAL HONEY

The President need not deny that he is a communist. He is not. But what is it in his administration that brings the communists and that ilk like bees to the honey of his candidacy.

What They Think of The Record

ROADS AND HIGHWAYS

"I want to take this opportunity to thank you for your helpful cooperation in all matters affecting this Association and the Highways of California."

Shall America survive? It depends upon the conscience and courage of the electorate. To support the New Deal is to encourage disaster, lend assistance to Communists and to approve corruption. The Jeffersonian Democrats have shown the way. Save the Democratic party. Save America by voting against the New Deal.

Alonzo Baker, a Christian gentleman, scholar, patriot and high type of American citizen. Vote for him. It is a patriotic duty. Ed Tickle, man of affairs, respected, intelligent, honest, frank and courageous. A tried and proven public servant. Vote for him.

Henry P. Russell, candidate for the Assembly. No real opposition except by a disgruntled and discredited opponent who is a poor loser and a worse apology as a public official. Henry Russell nedds no qualifying words as to his fitness and character. A high type, successful and honorable business man who has volunteered to serve his fellow citizens. A vote for Rossell is an endorsement of honest, capable government. Be sure to check the ballot opposite his name.

Citizens and voters, compare the characters, standing and general fitness of the Republican Candidates for state offices compared with those on other tickets. Your intelligence and integrity should compel you to support them.

Consult your conscience when you cast your ballot. Does party allegiance mean more to you than your sense of honor? The New Deal does not represent the Democratic Party. It is a mongrel. A coyote dressed up in the pelt of an honest collie. An endorsement of the New Deal is equivalent to signing the dath warrant of the Constitution and the Supreme Court.

Here are the real leaders of the New Deal. Wallace, a crackpot Parlor Pink. Ickes, a radical agitator and professional demagogue, Madame Perkins, who is she and what is her history. No one knows. As Secretary of Labor she has proven a woeful failure except as a champion of Communists. Tugwell, a declared and recognized protagonist of Communism and revolution. And scores of others. All radicals, propagandists for class hatred and social turmoil. Shameful and sinister. Who selected them. Roosevelt. Does he deserve the loyalty of honest Democrats? Has he not aligned himself with the Public Enemies of America?

Young James Roosevelt, son and second cousin to his own father and mother, Franklin D. Roosevelt and Anna Eleanor Roosevelt, show to a marked degree the evils and danger of consanguinity. This erratic and irresponsible upstart insists upon injecting his imbecilic assinities into this campaign, It would probably be more charitable to ignore than to censure him. He is suffering from a complex which was inherited. However, this does not provide any justification for promulgating proven untruths and libelous inaccuracies. He has recently repeated the discredited rumor that Governor Landon has been unfriendly to the Kansas schools and has hindered educational progress. Bad enough for political renegades of the Farley type to mouth such audacious mendacities. One would hardly expect the President's son and cousin to stoop to such shameless methods. There is strong evidence already established that this branch of the Roosevelt family should be the wards of a psychiatric clinic. That which we call "Complexes" seems to be common to father and his progeny.

Every WPA worker must have a Roosevelt sticker on his car or lose his job. To qualify for Relief one must register pro New Deal. What is this? Charity ot coercion is generally considered as a felony. The New Deal has raised it to the dignity of a political expediency. Honorable people regard it as a national disgrace. The cynic and spoilsman call it "Smart Politics." Debauching American morality and honor in the name of Charity. It may be Smart Politics but it is none the less a crime against decency and a menace to our civilizaton and culture. The Jeffersonian Democrats have the courage and conscience to repudiate the New Deal and its contemptible hypocrisy.

November 3rd, will soon be here. How will you vote? With Earl Browder who says we must defeat Landon? Will you vote to continue Madame Perkins, fairy God-Mother to alien agitators and Communistic conspirators, in office? Do you want Tugwell, the prophet of revolution and exponent of sovietism, to dictate the policies of America. Do you want a President who has surrounded himself with advisers antagonistic to the Constitution and the Supreme Court? A vote for Roosevelt means the hastening of the day when we shall witness the repitition of the scenes now wrecking Spain. They will occur in your own front yard. God forbid. We must defeat the New Deal or fortify for defense against internecine civil war. Roosevelt is not the leader, he is the stalking horse. Save America.

Candidate Roosevelt in one of his speeches said: "We hvae no Teapot Dome." No, not one. The insignificant corruption of the Teapot Dome shrinks to a mere fly speck in contrast to the colossal corruption of the WPA and other alphabetical agencies which have been created to pillage and plunder under a fiction of legality. Millions being prostituted to campaign corruption. Millions thrown recklessly into insane projects, half completed and then abandoned. Political racketeers feasting upon the public's money. Not mere waste, but wholesale looting and piracy.

"To let politics become a cesspool, and then avoid it because it is a cesspool, is a double crime. No man should be a partisan in the sense of one who votes for his party, right or wrong."—Howard Crosby. All honor to the Jeffersonian Democrats. They are the genuine patriots of the hour. They renounced their party betrayers, the Roosevelt New Dealers, and have declared themselves loyal Americans. The Jeffersonian Democrats have set a precedent of courage, character and conscience which offers an inspiration and hope for the future of America. Truly the Jeffersonian Democrats constitute a real Roll of Honor, Defenders of the Faith, Patriots, Sans Reproche.

"Be just and fear not; let all the ends thou aimest at be thy country's, thy God's and truth's."—Shakespeare.

Tuesday, Nov. 3, 1936, a crucial day in American history. Shall America survive? Shall the forces of Evil now firmly entrenched be permitted to complete their scheme of destruction? Shall the New Deal, parading under the name of Democracy, be granted approval to change our form of government, eliminate the Constitution and debase the Supreme Court? That is the issue.

Sunset School

An important meeting of the Sunset School Student Body is scheduled for Friday, October 23, at 11:20 a.m. when the president, Dick Williams, will call for reports from the various committees now functioning in Student Body affairs.

In order that as many Sunset School pupils as possible may have experience in the carrying on of student government, the Student Executive Council this year has delegated some of its responsibilities to committees. These committees hold regular meetings under the leadership of chairmen, and are expected to report to the Student Body when called upon.

The committees, their chairmen and members are:

Sunset Glow (School newspaper): Chairman, Jacqueline Klein; members, Gerry Shephard, Margot Coffin, Sean Flavin and Colden Whitman.

Traffic: Chairman, Arthur Strasburger; members, Tony Raygoza, Bill Morrison, Bill Askew, Jack Gansel and Harold Johnson.

Corridor Control:, Chairman, Howard Levinson; members, Oliver Basset, Richard Witmer, Kenneth Jones, Dick Uzzel, Marilyn Strasburger and Harold Johnson.

Red Cross: Chairman, Joyce Thompson; members, Ann Whitman, Jimmy Welsh, Henrietta Erickson, Patricia Shephard, Irene Erickson, Vivian Ohm, Nancy Watson, Peter Gillingham, Richard Moreson and Tommy Hefling.

Class Represenatives: Chairman, Zada Martin; members, Billy Frolli (8), Jimmy Welsh (7), Patricia Shephard (4-5-7), Zada Martin (6), Dick Uzzell (5), and Fennimore Bradley (4).

Clean-up: Chairman: Alice Vidoroni; members, Robert Curgiulo, Eleanor Johnston, Kenneth Jones, Cynthia Klein, Bill Christierson, and Sonja Koehler.

As this promises to be a most interesting and instructive meeting, all parents and friends of Sunset school are invited to be present.

CHRISTIAN SCIENCE CHURCH

In all Christian Science Churches, branches of the Mother Church,, The First Church of Christ Scientist in Boston, Mass., a Lesson-Sermon will be read Sunday, Nov. 1, on the subject "Everlasting Punishment."

The Golden Text will be: "Abhor that which is evil; cleave to that which is good" (Romans 12:9).

Bible citations will include the following passage from Isaiah 1; 18, 19. "Come now and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool. If ye shall be willing and obedient, ye shall eat the good of the land."

Passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which read as follows: "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. . . . Passions, selfishness, false appetites, hatred, fear, all sensuality, yield to spirituality, and the superabundance of being is on the side of God, good." (pp. 571, 201).

BAKER FAVORS PUTTING TOWNSEND PLAN TO VOTE

Alonzo L. Baker, candidate for congress for the eighth district, has edciared himself to be in favor of submission of the Townsend Plan to the people of the nation and would vote for such submission if Dr. Townsend decides to follow that course.

"The Townsend people," Baker stated, "have nothing to hope for if the New Deal is returned to power November 3. Roosevelt and all his congressional followers will continue to treat the movement as they have in the past."

UNDERSTANDING

Some other time when you no longer care
And silence rules your heart for all to see,
I'll proudly don a gown of cool pretense,
Calm as a tree.

Calm as a tree to silences immune
'Til memory stirs old griefs too long suppressed
As breezes sway the bough then I shall know
A tree's unrest.

—Blanche Logan Burge

DONATE BOOKS FOR SEA GOING LIBRARIES

"Of making many books there is no end," said King Solomon. The Seaman's Church nsttitute of San Francisco is making, during the week of October 24-31, its thirteenth annual appeal to the people of California to give some of this endless stream of books for use in the seagoing library service. These circulating libraries are maintained for the use and benefit of the crews on our merchant vessels. The many years during which they have been carried in the crew quarters of ocean liners and merchant freighters have proved that seamen like to read, that they like a wide variety of books, and that they deeply appreciate your gifts of books. During the past year over 20,000 volumes of fiction, adventure, history, biography, travel, etc., have been placed in the hands of the men; some of these books have assuaged loneliness, some have built character, some have fired ambition —all have served the definite need of men who are cut off from ready access to other forms of recreation, other educational opportunities. It is inevitable that with repeated readings many books have been worn out, that many of them have been lost. What books can you spare to replace them?

The public library will gladly receive your contributions of books for this sea-going library service, and will send them to San Francisco.

Miss Doris Wishart is spending her vacation in San Francisco.

CHEST COMMITTEE THANKS DISTRICT FOR DONATIONS

The commttiee in charge of the Community Chest drive in the Carmel district, under the leadership of Mrs. Virginia Stanton and Mrs. Kit Whitman, have asked the Californian to extend their thanks to the public which has so generously donated to the cause.

PROPOSITION #22 IS A TAX ON YOU!

You must *defeat* it or *pay* it – in HIGHER PRICES ON FOOD AND OTHER NECESSITIES

There is a "joker" in Proposition 22 on your November ballot!

Called a "Retail Store License," it looks innocent enough. But stripped of its disguise, it is a Tax *that will have to be passed on to you in higher prices.*

It provides that chain stores selling food and other necessities will be taxed $500.00 a year for each store over nine. Individual stores will pay only $1.00 a year—or one five-hundredth as much.

BUT...

...says the U. S. Federal Trade Commission:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

BECAUSE...

...as the Harvard (University) Bureau of Business Research discovered in studying 32,998 chain stores...chain stores operate on a small profit. They eliminate middleman's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in *prices 10% below the average.*

Four out of five chain stores do not make enough profit to cover the tax. Thus some of them will be forced out of business—*allowing their competitors to raise prices.*

Surviving chains will be forced to raise their prices to pay the tax.

Either way, you will foot the bill.

Remember, this tax is admittedly *not for revenue purposes.* It is cleverly camouflaged subsidy for the middleman and wasteful business methods—*at your expense.*

If you think that chain store competition helps to keep *all* prices in line with your pocketbook—if you think that you already PAY ENOUGH TAXES ON FOODS AND OTHER NECESSITIES, *vote NO and keep prices low.*

For no matter how named... no matter how heavily disguised... *22 is a tax on you... VOTE NO.*

22 IS A TAX ON YOU—VOTE NO!

RETAIL STORE LICENSE 22	Referendum against act of Legislature (Chapter 940, Statutes 1935) requiring every person or organization owning, operating or controlling one or more stores, wherein merchandise is sold at retail, obtain annual State license; prescribing fifty cents application fee for each store and one dollar license fee for one store, increasing license fee progressively for second and additional stores to five hundred dollars for each store over nine; excepts filling stations, ice distributing establishments, restaurant facilities of common carriers, newspaper offices, stores wherein sales are incidental to rendering personal service, theatres and motion picture houses. CALIFORNIA CONSUMERS CONFERENCE

A tree's unrest.

—Blanche Logan Burge

Al Sparks and wife have returned home after a glorious vacation of ten days spent in the north part of the state, visiting points of interest.

Captain and Mrs. DeWitt Blamer are building a lovely new home on the Point.

which has so generously donated to the cause.

The drive will end Saturday and those who wish to contribute and who have not done so, are requested to call at the chest headquarters in Gladys Johnston's office on Ocean avenue, Court of the Golden Bough.

—Job printing of all kinds at the The Californian, Phone 70.

NEPTUNE'S GIFT TO YOU

Neptune has a treasure chest for California to which the voters of the state have the key. It is a "Yes" vote for Proposition Number 4. The treasure, in the form of oil pools underlying state-owned tidelands, is being depleted by wells which, in some cases, pay nothing to the state, and in other cases pay very little.

The state should have power to correct this wastage of public resources. By voting "Yes" for Proposition 4, the state will be able to tap this treasure of Neptune. Proposition Number 4 enables the state to collect a fixed royalty of 14 2-7 per cent from these oil resources by slant-drilling, and to provide for their orderly development.

Minimum estimates place the revenue from this source at $2,000,000 a year to the state for 25 years. One-half would go into the general fund for tax reduction and the other half for acquiring and maintaining public parks and beaches.

The measure prohibits tideland drilling forever and provides rigid protection of the beaches from pollution and interference with bathing, fishing and navigation.

SUNBEAMS

Shall we in America follow in the footsteps of Russia and Spain? The same demoralizing influences which turned those countries into scenes of bloodshed, massacre and murder are now active and in process in our country. The Administration in Washington is swarming with agents of revolution. Their names are familiar to all. They are all preaching the same doctrine, espousing the same cause which released the horrors of Russia and Spain and has France on the verge of chaotic turmoil. The peril of this moment cannot be exaggerated.

"Let the fear of danger be the spur to prevent it; he that fears not, gives advantage to danger."—Quarles. America, all that we hold sacred are in the balance. The danger is actual. Who can question it? Throughout the length and breadth of America riots, unrest and strife are rampant. The New Deal has sown the seeds of class hatred and fanned the flame of revolutionary unrest. No one can contravert this. Remember it on November 3rd.

The political contest this year is not between the Republican party and the Democratic party. The Democratic party of honored tradition and sterling principles has been covertly siezed by the New Deal conspirators. It is only the name that survives and that is not even vital and living in all the states. In Minnesota the Democratic party, at the direction of Roosevelt, has abdicated in favor of the Farmer-Labor party, radical in spirit and opely hostile to constitutional government. In Nebraska the New Dealers have endorsed the Radical Progressives. In Wisconsin the La Follette faction has the New Deal approval. The Communistic candidates and agitators are on congenial terms with the New Deal and reciprocal relations exist. Franklin Delano Roosevelt is not a Democrat. The New Deal is not Democratic, Patriotic nor Ameicn. It is the advance movement to Sovietize America.

"Nothing is politically right which is morally wrong."—Daniel O'Connell. By no stretch of fact or fancy can one defend the abuses, corruption and pillage of the New Dealers' pretense of Charity. Neither sincere nor honest. Morally wrong in every sense. Hypocrisy parading as Relief. Bribery in the guise of a helping hand. Misery, want and desitution coerced and threatened, denied succor unless honor and decency are stultified. The New Deal, another name for Pestilence.

LANDON ON RECIPROCITY

No amount of New Deal pointing with pride to grain exchange prices can divert attention from the fact that agricultural unemployment and rural relief rolls have reached an all-time high. The United States, once the world's foremost agricultural exporting nation now is one of the world's great importers of farm products.

Reciprocal trade agreements' effect also must be considered. Governor Landon is not against tariff reciprocity. But he believes bad bargains were made for the American farmer in the specific trade agreements which the Roosevelt administration has negotiated.

There is nothing in the political situation to bewilder the voter. He must simply decide on whether he wants to take another chance.

the night I beat all the other gay dogs in town to it and leaped the fence. Well, the outcome of that little affair was a mess of three dog-eared mistakes. And was Agsn'e mistress sore!

To return to Apollo, the proud father of seven thoroughbreds, four boys and three girls. Funny but I never thought it in him, with his grey whiskers and stifflegged dignity but it seems he still has dogmatic ideas. It took the Carmel Valley flapper, Bella, to snag him. Bella, I want to tell all you pooches, is a lovely Belgian Shepherd with the sweetest disposition in the world. Now, if I'd been a few years younger—well I never suspected Apollo, the old gay dog! What a woot-woof he turned out to be. It just goes to show you can never tell.

Bella, bless her heart, got under the covers of her master's bed with her head on the pillow. A nice soft, warm place to have her babies. No, she didn't. She had 'em in the barn, but her owners made her as comfortable as they could and her mistress held her hand all through the ordeal to comfort her and try to ease her pains a little.

And now Apollo stands guard over his family and Ginger, the Irish setter, is kept hapnily busy washing Bella's face and licking the kids. More fun at the Ranch! No, I'm still a bachelor.

Through the tail-wagging system of signals a message was broadcast from the Del Monte Kennels to the Californian the other day, so stand at attention, pals, cock your ears, point

FISH AND GAME

"We are taking this opportunity to convey to you our appreciation for the careful attention and consideration you gave during the recent session of the Legislature to all bills affecting our Fish and Game Resources."

L. I. Herrington, Executive Secretary,
Fish and Game Development Association.

There Is No Substitute for Successful Experience and Proved Results

The positive legislative record of SENATOR ED TICKLE is conclusive evidence that he has always considered the welfare of his whole district FIRST.

Not only did he secure over three and a half million dollars for Roads and Highways in Monterey and San Benito Counties but he has been a fighter for farm welfare—for the dairy interests—for the cattle business and for our fish industry. He has been endorsed by the California Teachers Association because of his attitude toward education. He has fought for the protection of the small home owner, and voted for the mortgage moratorium and extension of the delinquent tax moratorium. He favored additional social security for the aged and voted consistently for veteran welfare legislation. His record of actual labor votes shows a large favorable percentage. His record is that of an independent and courageous legislator, nobody's rubber stamp.

Ed Tickle has faithfully represented all of the people. Honestly. Fairly. Studiously.

He is indeed—

Keep Him At Sacramento Where the District Needs Him

This advertisement was donated by friends of Ed Tickle in appreciation of the splendid work he has accomplished for Monterey and San Benito Counties.

A Jeffersonian Democrat Outlines Plan for Prosperity

In a very eloquent and soothing ovation delivered at Omaha, the president outlined a number of plans for taking care of the farmers. One of these was that we should do away with tenant farming, another that we take out insurance against drought.

Hear ye, Oh my brethren, throughout the length and breadth of the country! I have a plan to suggest. Hearken ye unto my words! Now, be it known unto you, and, if you do not know it, I will tell you, that in this country of ours, the owners of farm lands will not sell them to the government except at an exorbitant price. And, besides, the lands sought would be subject to drought—more money for drought-sufferers and more for insurance! A never-ending vicious circle! What shall we do? Now, listen, my children, and rejoice with me while I unfold unto you the details of my plan.

In order that you may follow me closely, get out your geographies and turn to a map of our country. Look to the Pacific Coast and observe a vast range of mountains running from the State of Washington on down through Oregon and Southern California. Majestic in their grandeur, these vast pinnacles have stood throughout the ages—silent, mysterious and awe-inspiring. In this range Mt.Shasta rears her hoary head. Mt. Ranier stands out beautiful and Lake Tahoe, Yosemite and the U. S. Grant and Roosevelt National Parks are wonderful for their scenery, while all the rest of the range is inhabited by a few wild animals.

It is only valuable to look at, but these are practical times, and it can be bought at a very low price. At last, I'm going to give you the plan, and, in order to make it perfectly plain and simple, let us just imagine for a moment a model of this range, say fifteen feet long. Let us also imagine it made of some soft solid material like taffy candy. Now, take a large sharp knife, begin at one end just above the base of the mountains and with even strokes cut away the entire range. This would leave a perfectly level flat surface.

How about Lake Tahoe, Yosemite and the rest? When you come to them, cut around and leave them standing, like tall monuments. Do you follow me? This is only an office demonstration of what I propose on a Gargantuan scale. With modern inventions, we must stop at nothing. Level off the whole range to a corresponding scale, but leave the National Parks standing. Now, in cutting away the range, be careful as we go along to conserve all wild animal life, placing them in cages to be used later on.

Next, construct around the edge, a solid rock wall ten feet at the base and in height and sloping up to the outer brim of two feet thickness. At intervals of five hundred feet, a system of drainage conduits run from the central level to the outer rim. The big idea in the wall, as you can readily see, is to retain the soil and moisture on the flat surface.

Now we are ready for the soil. Where can we get it? Not from the Middle West, the winds already are carrying it away. Here's where we get even with old Mother Nature. You all know that every year the old Mississippi carries billions of cubic feet of good rich earth down into the Gulf never to be of use again. We only have to put out dredges and lighters and reclaim this good earth. Then, pack it into our re-claimed area until the whole project is about eight feet thick with soil. This is made smooth and is ready for the rainfall.

But, for this supply, we are not going to depend upon the whims of nature. We know how cruel she can be. I am sure you have all seen the pipes at an ice factory all covered with snow. We plan to erect along the center of the project from one end to the other a vast system of these pipes extending high into the atmosphere As the moisture-filled currents from the Pacific strike these cold bars, rain can be made to fall at will and in abundance. By means of a system of pipes, the lake basins are filled; the forests watered; land irrigated; and, by force pumps, Lake Tahoe is kept filled; Wawona, and all the rest of the parks watered, and Yosemite Falls restored. Of course, all superfluous water goes out through the drainage conduits at the base.

"And the Hetch-Hetchy water supply for San Francisco" I know you will ask. "The source of that will be cut off and the big city by the Golden Gate would be without water. What are you going to do about it? Now, just wait. You will recall that our plan calls for drainage tubes at five hundred yard intervals, collecting water from the area? A suitable number of these brought together around the head of Hetch-Hetchy lake will deliver an abundant water supply.

Now, plot on this level surface of our re-claimed area an electric road. Then the whole tract is laid off into townships in communities of 1000 farmers each. Each farmer has 50 acres drawn by lots, and to him also goes a house, barn, seeds for vegetables, garden, fruit trees, poultry, cows, hogs, horses, and an automobile and tractor.

(Perhaps Henry Ford would supply these on easy terms.)

For each township there are built school buildings, a general meeting hall and cinema and there are allotted grounds for football, baseball, golf and polo. For each 20 towns there is allotted a lake for fishing and yachtin gand a forest for hunting and camping. In this forest the wild animals that we have been saving in cages are now turned back to nature. From a central plant every farm will be supplied with electricity and every known modern device for electrification will be installed We want to do this thing right.

At suitable intervals to be determined later, we will establish universities where every thing will be taught by professors from all over the world, preference to be given those from Moscow. There will be men from Washington to advise and instruct on all problems, such as the choice of crops, cultivation, etc. Education as they prefer it should be carried on—sports, hunting, fishing, etc. You get the idea, don't you?

"But suppose," you ask, "some of the tenants don't like it and quit and go somewhere else?" That's all provided for. Even if a man doesn't want to work he won't have to. You know we have several millions of aliens with a good proportion of imported criminals. Now many of these poor aliens are on relief—here we have the "forgotten man", he must be looked out for. We will put them out on our new project and ask them to help us out. In this manner also we can find a new haven of refuge for all those on relief.

I have not planned for religion or churches, as I felt sure they will say that these belong to the age of the ox cart. Things will move along without a jostle or stir. Utopia will be found at last.

Now I know you are going to exclaim, "California and the other states won't allow you to deface the wonderful beauties of the country in any such manner." Not on your tintype. The states haven't anything to say about it—that's a discarded doctrine as old and passe as many things in the Constitution. We're running things from headquarters now, and everything mus be sacrificed for the common good.

"But how about our colored people," you ask. "There are lots of tenants among them." Oh, you thought you had me there, didn't you? You know the negro is a tropical animal —he loves the heat—and he knows how to grow cotton, corn, melons and potatoes. Well, the southern part of our area down in California, just fills the bill. We'll put him there and make him happy. And I'll see some of the powers that are in Washington and ask them if they will not allow Father Divine to come out and preach to them.

"But what," you ask, "will you do with the millions of tons of rocks that you cut from the tops of the muntains?" Thought you had me there, too, didn't you? Now wait. Some of this we'll use in filling up Death valley and a few canyons in the surrounding area bringing them all up to the level of the surrounding country. Then we'll plant it to forest trees, and keep it moist by our irrigation system. This will take only a small amount. The rest we'll use to build dams along the streams of the Middle West. This is intended to prevent floods and erosions and cool the atmosphere, and to help prevent dust storms.

"See here," you exclaim, "what are you going to do with Tahoe, Yosemite and the rest—each one standing out like a sore thumb and no way to get to them?" Now, just hold your horses. That's one of the most important ideas in the whole scheme. At each park we'll put in elevators, one for supplies and another for passengers. These parks will be so novel and attractive that people will come from all parts of the country—in fact, the whole world—to see them. Haile Selasie, to soothe his troubled brain, will no doubt want to come to see something new. Mussolini will want to come to get ideas for developing Ethiopa, and I haven't a doubt in the world that later on Stalin himself will be invited to come and deliver a course of lectures to the advanced students at the university on statecraft. All of them will attract visitors, and these will attract others.

And now, listen to me, right here comes in a most important feature of my plan. Every visitor will want to see one or more parks, as well as the model communities. The fees at the elevators for cars and passengers will amount to many millions each year, and they will be ever increasing. Every traveler in the world will come. The money from this source will first be used to pay for the construction of the project and the dams. This will take only a little while. Next, a fund will be set aside for drought insurance. But with the vast amount piling in from our parks, the insurance will only take a small amount. What about the balance? Pay off the national debt with it. That's the idea. Establish a sinking fund under the control of Mr. Tugwell, Mr. Ickes and Mr. Frankfurter as a commission and at the end of a few years it will all be paid off. No taxes. No trouble to anybody. I haven't a doubt in the world but that the big bugs in the Capitol will swallow my plan, bait, sinker and all.

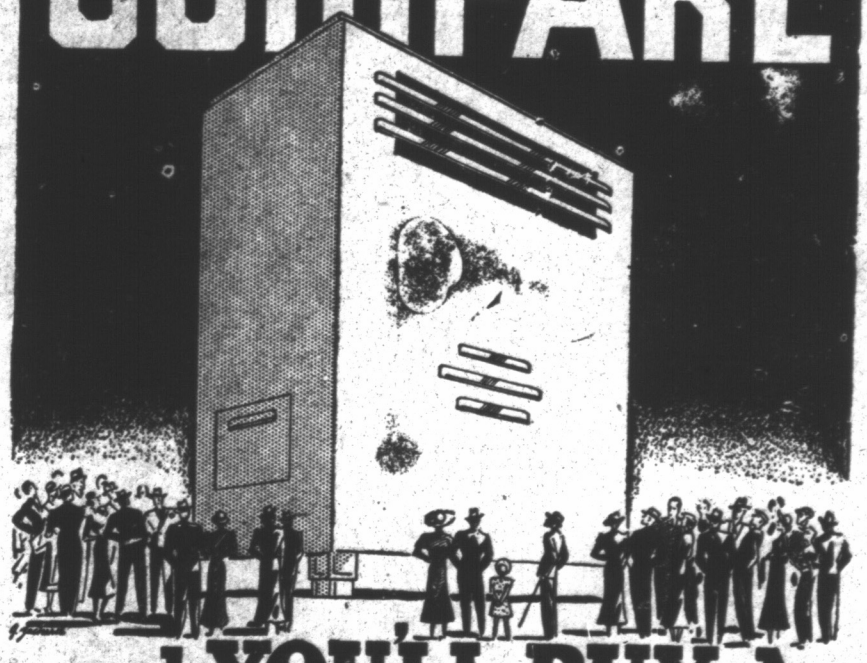
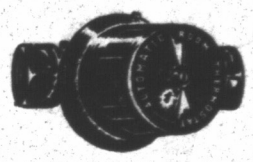
COMPARE



and YOU'LL BUY A GAS CIRCULATING HEATER

COMPARE STYLE AND BEAUTY—Here is the style leader in the heating field for 1937. Satin, smooth enamel finish. Smart modern lines. Rich, gleaming chromium louvres. An array of color choices to bring a distinctive color note into your home. Take your choice of these color finishes—Satin White, Primrose, Velvet Black, Monterey Biege, Regal Mahogany or Abbey Walnut.

No Circulating Heater Is Modern without



This Fuel-Saving Thermostat Control

COMPARE ECONOMY—There is no guesswork with Gas fuel. Gas heating costs are a matter of record with the gas company—the cost for a heating season and the cost per monthly billing. Figure the cost of gas heating against any other type of fuel in dollars and cents or on a heat content basis and you'll satisfy yourself that GAS heating is NOT expensive and costs no more than less satisfactory fuels. Do not be misled. Get the facts. Ask for heating cost estimate.

COMPARE CLEANLINESS—When GAS heat comes in all work and all dirt that goes with old fashioned fuels is ended forever. The bugaboo of "Spring cleaning" almost disappears as floors, walls, curtains, ceilings and furnishings cannot get smudged, grimy or sooty. GAS burns CLEAN.

COMPARE SERVICE—Back of every gas heating appliance you buy is a double assurance of service. Your local gas appliance dealer stands back of every gas appliance he sells. Your gas company maintains a staff of courteous, neat, efficient service men. For the life of any gas appliance, while you are a customer of the gas company, this service is yours to call at any time. Only GAS heating can give you this lifetime assurance.

COMPARE VALUE—Here is carefree heating. Here is thrift because Thermostat Control prevents fuel waste. And only GAS Circulating Heaters can operate successfully with a fuel-saving thermostat.

Come in today and select your Gas Circulating Heater. Save money. Enjoy the best in economical winter heating at a cost no greater than ordinary or old-fashioned heating devices.

Mr. and Mrs. Charles Guth and daughter of Carmel spent Monday with Mr. and Mrs. Tom Rhoads.—Lemoore Advance, Oct. 15.

Nuggets By Florence TenWinkel

Mr. and Mrs. S. A. Trevvett of Hatton Fields entertained about forty guests Sunday afternoon at a cocktail party in honor of Mr. and Mrs. Gilbert Meese, daughter and son-in-law of Mr. and Mrs. Trevett, to celebrate the second wedding anniversary of the young people.

Mr. and Mrs. Hoges are spending some time at the Highlands Inn. Mr. Hoges is manager of the Empress hotel, Victoria, B. C.

The Lumbermen of California held a convention at Del Monte Hotel last week. About forty ladies who accompanied their husbands were entertained at tea at the Normandie Inn and a trip down the San Simeon highway.

Miss Grace E. Carroll who has been a house guest of Col. and Mrs. R. R. Wallace of Pebble Beach, has gone to Palo Alto and San Francisco to visit friends before returning to her home in Washington, D. C.

The Girl Scouts of the peninsula are giving a very interesting display in Holman's window. One troup is making doll clothes for Christmas dolls for the Salvation army. Tuesday, another troup showed the home-making training and first aid. All of the leaders met at the Pacific Grove Scout house Tuesday for the regular business meeting. After the program, lesons were given in the cutting of tin. Miss Mary Haverfield gave the instructions, each leader having brought a tin can.

Miss Bettie Work and her brother, Mr. Frank Work, gave a large cocktail party in honor of Kathleen and Charlotte Doud, who are leaving for a trip around the world.

Dr. and Mrs. Brennen, who own one of the beautiful homes on Carmel Point, are planning a trip to Manila and soon will be on their way.

Brig. Gen. D. W. Hand has gone to San Francisco for a few days.

Lieut. and Mrs James Lowman Hathaway and their little daughter, Ann, who have been visiting Lieut. Hathaway's parents, Col. and Mrs. Emery Hathaway on San Antonio, left Wednesday morning for Fort Bliss, Texas. They have been motoring for the past two months through Oregon, Washington and California. On their way East they will stop at Grand Canyon.

Mr. and Mrs. E. Cooke Smith of Pacific Grove entertained several friends at dinner Saturday evening at the Peninsula Country club.

Mrs. Edna Wilson who owns a home in Carmel and one in Berkeley, left Monday for Berkeley home after having spent several weeks here. Before her departure she gave a dinner party for Mr. and Mrs. Stark, niece and nephew. Among the guests were Major and Mrs. Chester Shephard and Colonel and Mrs. Emery Hathaway.

Mrs. Harry Sanford of Carmel Highlands entertained a large group of friends at dinner at the Country club.

Mr. and Mrs. T. B. Hunter celebrated their wedding anniversary in Carmel They stayed at La Playa and were entertained at dinner Saturday night by Capt. and Mrs. H. M. Gleason and Miss Nan McCormack.

Dr and Mrs. John MacWillie and Col. and Mrs. Walter Johnson enterentertained at a lovely dinner at the Del Monte Lodge in honor of Col. and Mrs. Bowen about forty guests being present.

Miss Marguerite Tickle entertained about forty friends at dinner at Highlands Inn Monday night.

Mr. and Mrs. John Boit Morse, son and daughter-in-law of Mr. and Mrs. S. F B Morse, will arrive Nov. 13 from their home in Lake Forest, Ill., to spend three or four weeks at Mr. Morse's parental home in Pebble Beach. They plan to be present at the family reunion when the Morse and Hooker families will meet together Thanksgiving Day.

There is no foundation for the report that the pigs of Quoddy village dined on fancy government pastries. The administration never passes its pie to non-voters.—Exchange

RED CROSS DRIVE EO BEGIN ON NOV. 11

Carmel's quota for the forthcoming Red Cross Roll Call has been placed at 500 members for 1937. The Roll Call is scheduled to begin on Armistice Day, November 11 and end on Thanksgiving Day. Last year Carmel chapter secured 600 members and should greatly increase that number this year, according to prominent workers.

In the business district there will be an effort to make every establishment 100 per cent. The activities of the local chapter differs from the ordinary chapter in the fact that all relief is handled through this agency.

In a discussion of Carmel needs, Mrs. Herbert John Morse, general chairman, has outlined the budget refequirements for 1927 and told of the work of the chapetr. Mrs. Morse stated:

"This is your Red Cross.

"It brings relief to the sick, the aged, the needy, the helpless, the undernourished, the unemployed in Carmel and its environs.

"It has an enviable record of home rehabilitation during the past year and to our knowledge no person has gone hungry or suffered from lack of proper clothing.

"For milk alone, over $500 has been expended during 1936.

"Hospitalization, medicine, X-Ray, nursing, dentistry and optometry have been included in our relief program.

"Just recently a Red Cross clinic has been established through the cooperation of our local doctors who have set aside two hours of their valuable time each week for Red Cross work.

"First Aid classes have been conducted throughout the year and the Carmel Fire Department is cooperating in this branch of the service.

"A Carmel record of which our citizens can be justly proud is in the aid that was given (entirely apart from the aid given the local chapter) to American Red Cross in its splendid work throughout a series of national disasters: floods, tornados, drought, forest fires, highway accidents and veterans' relief.

"Under the direction of Col. T. B. Taylor, the Disaster Relief committee has been carefully organized into departments and is prepared to function immediately in any local disaster. A special fund of $500 is kept for such an emergency.

"Red Cross in giving aid never hands out money nor pays overdue bills. It does as occasion requires assist with current bills such as rent, utilities, and issuts grocery, milk and meat orders, also medicine orders.

"Miss Leslie King, our case worker, is on duty each week at the Red Cross office to take care of all cases that come to her attention.

"An emergency closet has been established in connection with the clothing department and here may be found sickroom supplies, layettes, blankets, etc., for those in distress.

"After careful consideration of local needs, embracing rehabilitation, the relief budget requirements for 1937 have been placed by the finance committee at $3500. This means that our generous contributors should be invited to increase their subscriptions over last year.

"A group of loyal men and women have pledged themselves to invite our citizens to subscribe to this extended Red Cross program. Ours is the only Carmel agency furnishing relief and we are not a member of the Peninsula Community Chest, although we cooperate with some of its agencies.

"Roll Call headquarters will be at Carmel Garage, Ocean and San Crlos, and the opening date will be Nov. 11."
